Buffalo Soldier

Frustrated by his experiences on an expedition led by Captain Robert Scott, explorer Ernest Shackleton, in 1907, launched his own attempt to reach the South Pole. At the mercy of a hostile continent it was to become the most extreme test of endurance imaginable. This is his thrilling account of that expedition.

Keep On!

The carpenter has a very fine cat who is known as "Mrs. Chippie" -- from the diary of Commander F. A. Worsley, captain of Shackleton's Endurance. When Sir Ernest Shackleton's ship Endurance became trapped in the Antarctic ice, all twenty-nine members of the crew were pushed to their limits of survival, including Mrs. Chippy, the ship's estimable cat. Fortunately for posterity, Mrs. Chippy left a diary of the ordeal. Closely based on the true events of Shackleton's heroic journey, and illustrated with authentic photographs taken by Frank Hurley, expedition photographer, Mrs. Chippy's Last Expedition is a firsthand account of one of the greatest adventures in history--from a unique point of view.

Endurance

Describes how twenty-eight men battled against almost insurmountable odds to return to civilization after
Where To Download Shackletons Journey

their ship sank near the South Pole.

Shackleton's Stowaway

A guide to leadership draws on Ernest Shackelton's management style during his exploration of Antarctica, providing advice on how leaders can instill optimism, set personal examples, and persevere in the face of adversity.

The Endurance

Describes the events of the 1914 Shackleton Antarctic expedition, when the ship the Endurance was crushed in a frozen sea and the men made the perilous journey across ice and stormy seas to reach inhabited land.

Mad about Monkeys

Describes the ordeal of Ernest Shackleton and the men of his Antarctic expedition after their ship became trapped in the ice and they were forced to undertake a perilous journey to reach inhabited land.

Ice Story

On October 26, 1914, Ernest Shackleton’s Endurance set sail from Buenos Aires in pursuit of the last unclaimed prize in exploration: the crossing of the Antarctic continent. The crew stood on deck to watch the city fade away. All but one. Eighteen-year-old Perce Blackborow hid below in a locker. But the thrill of stowing away with the legendary explorer would soon turn to fear. Within months, the Endurance, trapped and crushed by ice, sank. And even Perce, the youngest member of the stranded crew, knew there was no hope of rescue. If the men were to survive in the most hostile place on earth, they would have to do it on their own. Victoria McKernan deftly weaves the hard-to-fathom facts of this famous voyage into an epic, edge-of-your-seat survival novel.

The Girl Who Drew Butterflies

This is the classic account of Sir Ernest Shackleton's 1914-1916 Antarctic expedition. Written by the
Where To Download Shackleton's Journey

captain of the Endurance, the ship used by Shackleton on this ill-fated journey, it is a remarkable tale of courage and bravery in the face of extreme odds and a vivid portrait of one of the world's greatest explorers. "A breathtaking story of courage under the most appalling conditions." - Edmund Hillary

Shackleton's Heroes

Sir Ernest Shackleton and his expedition team's journey to the Antarctic continent in 1914 goes terribly wrong after their boat is trapped and crushed by ice, leaving them stranded in the most harsh conditions and fighting for their very lives with every step they took. Reprint.

The Endurance

Ernest Shackleton was an Anglo-Irish explorer who is famous for his Arctic voyages, and for being a total badass. He made a number of trips south, including one in which he and his team made it a 100 or so miles from the South Pole. This was the closest anyone had gotten, and Shackleton would be knighted for his efforts. Soon enough he adventured south again on what was called the the Imperial Trans-Antarctic Expedition 1914-17. This disastrous and amazing tale is the focus of Shackleton's book South, a work of non-fiction whose thrilling adventure rivals the most vividly written fiction. After Shackleton's earlier voyages he had a knack for fundraising, so upon securing about $4M in today's money, he enlisted a crew of 56 men. The fated Endurance would be the main ship, while the vessels James Caird and Aurora would serve as support ships. Disaster struck the expedition when the Endurance became trapped in pack ice, and was slowly crushed before the shore parties could land.

The Antarctic Book of Cooking and Cleaning

On October 29, 1908, a party of four men, led by Ernest Shackleton, set out to be the first to reach the South Pole. Three months later, their mission was in ruins and they faced certain death if they carried on. Just ninety-seven miles from the South Pole, Shackleton turned back. One hundred years later, in October 2008, a team that included descendants of that original party, led by Henry Worsley, set out from Shackleton's hut to celebrate the centenary of his expedition by retracing the exact 870-mile route and going on to finish the last ninety-seven miles. This captivating book explores the history of the original expedition and reasons behind its failure, while capturing the meticulous planning, fundraising,
and training for the new expedition. It includes riveting accounts of the team’s first days on the ice, Christmas on the polar plateau, the brutal reality of crossing the Beardmore Glacier, and the final miles to the South Pole. In Shackleton's Footsteps is a unique story of adventure, pioneering spirit, settling old family business, and man’s triumph over nature.

Leading at the Edge

At the end of the American Civil War, Charley - a young African-American slave - is ostensibly freed. But then her adopted mother is raped and lynched at the hands of a mob and Charley is left alone. In a terrifyingly lawless land, where the colour of a person's skin can bring violent death, Charley disguises herself as a man and joins the army. Soon, she's sent to the prairies to fight a whole new war against the 'savage Indians'. Trapped in a world of injustice and inequality, it's only when Charley is posted to Apache territory that she begins to learn what it is to be truly free.

Chasing Shackleton

Illustrated biographies featuring a range of fascinating figures from history (and current figures, too!) provide great information and entertainment through short chapters and illustrations that will appeal to reluctant readers as well as middle readers in general. Original.

Shackleton's Boat Journey

Shares a variety of facts about monkeys from the smallest pygmy marmoset to the largest mandrill.

The Worst Journey in the World, Antarctic, 1910-1913

This stunning picture book offers a riveting account of African-American explorer Matthew Henson’s 1909 journey to the North Pole with Admiral Peary. Matthew Henson was born just after the Civil War, a time when slavery had been abolished, but few opportunities were available for black people. As a child, Henson exhibited a yearning for adventure, embarking at age thirteen on a five-year voyage sailing the seven seas. Henson’s greatest adventure began when Robert Peary invited him to join an expedition to the North Pole. After many storms, injuries, and unimaginable cold, on April 1, Peary, Henson, and four Inuit
Endurance

In this extraordinary adventure memoir and tie-in to the PBS documentary, Tim Jarvis, one of the world's leading explorers, describes his modern-day journey to retrace, for the first time ever—and in period clothing and gear—the legendary 1914 expedition of Sir Ernest Shackleton. In early 1914, British explorer Sir Ernest Shackleton and his team sailed for Antarctica, attempting to be the first to reach the South Pole. Instead of glory, Shackleton and his crew found themselves in an epic struggle for survival: a three-year odyssey on the ice and oceans of the Antarctic that endures as one of the world's most famous tales of adventure, endurance, and leadership ever recorded. In the winter of 2013, celebrated explorer Tim Jarvis, a veteran of multiple polar expeditions, set out to recreate Sir Ernest Shackleton's treacherous voyage over sea and mountain, outfitted solely with authentic equipment—clothing, boots, food, and tools—from Shackleton's time, a feat that has never been successfully accomplished. Shackleton's Epic is the remarkable record of Jarvis and his team's epic journey. Beautifully designed and illustrated with dozens of photographs from the original voyage and its modern reenactment, it is a visual feast for readers and historians alike, and an essential new chapter in the story that has inspired adventurers across every continent for a century.

Shackleton's Journey Activity Book

Lead your business to survival and success by following the example of legendary explorer Ernest Shackleton. Sir Ernest Shackleton has been called "the greatest leader that ever came on God's earth, bar none" for saving the lives of the twenty-seven men stranded with him in the Antarctic for almost two years. Because of his courageous actions, he remains to this day a model for great leadership and masterful crisis management. Now, through anecdotes, the diaries of the men in his crew, and Shackleton's own writing, Shackleton's leadership style and time-honored principles are translated for the modern business world. Written by two veteran business observers and illustrated with ship photographer Frank Hurley's masterpieces and other rarely seen photos, this practical book helps today's leaders follow
Shackleton's triumphant example. "An important addition to any leader's library." - Seattle Times

**Endurance: Shackleton's Extraordinary Voyage**

Shackleton's Forgotten Expedition is the story of Ernest Shackleton's epic journey toward the South Pole. Lacking funds and plagued by hunger, cruel weather, and unpredictable terrain, Shackleton and his party accomplished some of the most remarkable feats in the history of exploration. Not only were members of the expedition the first to climb the active volcano Mount Erebus and the first to reach the South Magnetic Pole, but Shackleton himself led a party of four that trudged hundreds of miles across uncharted wastelands and up to the terrible Antarctic Plateau to plant the Union Jack only ninety-seven miles from the South Pole itself. Based on extensive research and first-hand accounts Riffenburgh makes the expedition vivid while providing fascinating insight into the age of British exploration and Empire. Beau Riffenburgh is a historian specializing in exploration. A native of California, he earned his doctorate at the Scott Polar Research Institute, University of Cambridge, where he is currently the editor of Polar Record. He is the author of the critically praised *The Myth of the Explorer* and editor of the Encyclopedia of the Antarctic. A Selection of the History Book Club "Riffenburgh's perceptive book blends first-hand accounts with original research and a fast-paced narrative, providing a cracking adventure."- The Times Literary Supplement UK "A masterful balance of true drama and first-rate scholarship. The narrative moves with the speed of a novel, while the author's unerring eye for historical detail captures the essence of polar exploration and explorers and locates Shackleton and his men in the grand scheme of empire."- Sir Ranulph Fiennes Also available: HC 1-58234-488-4 ISBN-13: 978-1-58234-488-1 $25.95

**Shackleton's Way**

Oof and Pib come from an ancient tribe. They know hardly any words - in fact they only know how to say their own names - but it doesn't stop them from being the best of friends and doing everything together . . . Until Oof starts inventing all sorts of NEW words, and Pib feels so jealous that he does something to threaten their friendship forever. Can Pib come up with a word of his own to make things right again? A funny and poignant tale about friendship, forgiveness, and the discovery of new words . . . including one that can be the hardest of all to say . . .
The Crossing of Antarctica

It's been called the greatest survival story of all time. In 1916, Ernest Shackleton's ship the Endurance was trapped in pack ice, his supplies running were out, his men were exhausted, cold and desperate. Shackleton faced a horrible quandary: should he and the crew stay on a tiny inhospitable stretch of Antarctic island with the winter setting in or make what was almost certainly a doomed journey, sailing in a lifeboat across miles of the world's wildest ocean and then trekking over unmapped glaciers to reach help? Showing astonishing courage Shackleton and a small band of men set off in their boat. They faced monstrous seas, icebergs, storms and vile seasickness. Even more astonishingly, they survived. In 2013, explorer Tim Jarvis and a crew of five, set out to replicate Shackleton's journey, using the same equipment, eating the same unpalatable food, facing the same hostile ocean and desolate conditions. Here for the first time is the whole story of that trip, the wretched lows and the occasional highs, the gruelling mental and physical toughness it takes to test yourself in one of the last wildernesses on Earth. Moving between the past and the present, and combining a thrilling survival story with over 200 beautiful contemporary and historical photographs, this is a must-read book for all Shackleton fans and lovers of epic adventure.

Mrs. Chippy's Last Expedition

The harrowing tale of British explorer Ernest Shackleton's 1914 attempt to reach the South Pole, one of the greatest adventure stories of the modern age. In August 1914, polar explorer Ernest Shackleton boarded the Endurance and set sail for Antarctica, where he planned to cross the last uncharted continent on foot. In January 1915, after battling its way through a thousand miles of pack ice and only a day's sail short of its destination, the Endurance became locked in an island of ice. Thus began the legendary ordeal of Shackleton and his crew of twenty-seven men. When their ship was finally crushed between two ice floes, they attempted a near-impossible journey over 850 miles of the South Atlantic's heaviest seas to the closest outpost of civilization. In Endurance, the definitive account of Ernest Shackleton's fateful trip, Alfred Lansing brilliantly narrates the harrowing and miraculous voyage that has defined heroism for the modern age.

Oof Makes an Ouch

Chronicles Shackleton in Antarctica, where he and his crew were stranded for twenty months

South with Endurance

A new edition to mark the centenary Ernest Shackleton's epic 1916 journey across 1300 kms of hostile ocean in a tiny, leaking boat and unmapped ice and snow to reach a rescue station by British-Australian explorer Tim Jarvis, who recreated 'Shackleton's Epic' in 2012 Sir Edmund Hillary called it the greatest survival story of all time. In 1916, just months into Ernest Shackleton's third expedition to the South Pole, his ship, the Endurance, became trapped in pack ice and sank. With winter setting in and supplies running out, Shackleton faced a terrible quandary: should he and his crew stay on a tiny inhospitable stretch of Antarctic island and die waiting? Or should they make an almost certainly doomed journey, and sail in a lifeboat across 900 miles of the world's wildest ocean then trek over unmapped glaciers to reach help. Showing astonishing courage, Shackleton and a small band of men set off in an open boat. Even more astonishingly, they survived. Almost a century later, explorer and environmental scientist Tim Jarvis set out with a crew of five to replicate Shackleton's journey, using the same equipment, eating the same unpalatable food and facing the same hostile ocean conditions. Shackleton's Epic is the story of that trip -- the wretched lows and the occasional highs and the mental and physical toughness required to survive in one of the last wildernesses on earth. Moving between the past and the present, this is a must-read book for all Shackleton fans and lovers of epic adventure. Jarvis's tribute to Ernest Shackleton's Antarctic expedition had had a danger and heroism worthy of the original.' -- GUARDIAN (UK) 'bone-chilling and breathtakingly frightening a well-written, compelling read.' -- KIRKUS REVIEWS 'a ripping yarn' -- BRISBANE NEWS 'serves to show just how brave, skilled, resourceful and optimistic the original [explorers] had been Verdict: victory over adversity' -- HERALD SUN

South

Presents a visual narrative of Ernest Shackleton's voyage to Antarctica during which his ship, the Endurance, became trapped in ice, forcing the crew on a desperate trek to seek rescue.
In the Heart of the Antarctic

The definitive collection of photographs from the Shackleton expedition includes never-before-published images from the remarkable 1914 expedition to Antarctica.

Shackleton's Epic

In 1914, the polar explorer Ernest Shackleton announced an ambitious plan to lead the first trek across Antarctica via the South Pole. The expedition would prove fraught with adventure—and peril. South is the remarkable tale of the ill-fated expedition, told in Shackleton's own words—breathtakingly illustrated in this unique edition with photography from the expedition, modern images of the Antarctic, and newly discovered photos from the Ross Sea Party. This handsome edition, first published in 2016, is presented in paperback to coincide with the 100th anniversary of the original publication and features images by expedition photographer Frank Hurley, modern color photography of the fauna and vistas the men encountered, as well as long-lost photos taken by the expedition’s Ross Sea Party and discovered in 2013. The expedition’s story begins on the eve of World War I, when the ship Endurance departed England with Shackleton and his team of six men. The plan was to travel 1,800 miles across the icy continent from the Atlantic side, while a second team aboard the Aurora, would reach Antarctica’s Pacific side and lay out supply depots for the advancing team. As the Endurance approached the continent, however, it became hopelessly locked in an ice floe, beginning a series of harrowing travails. Today considered an adventure survival classic, South is the true story of a thrilling polar expedition. Never before has Shackleton’s lively prose been so extensively and stunningly illustrated.

Endurance

A graphic recounting of explorer Ernest Shackleton’s ambitious journey to Antarctica dramatically illuminates the unprecedented expedition that cost many of his companions their lives. By the best-selling illustrator of Houdini: The Handcuff King. Original.

In Shackleton's Footsteps

The first crossing of Antarctica in 1957/58 by the Trans-Antarctic Expedition, led by Sir Vivian 'Bunny'
Fuchs, was one of the twentieth century's great triumphs of exploration. Sir Ernest Shackleton famously attempted to cross the great white continent during his ill-fated Endurance voyage, and now, one hundred years after he set out, this beautifully illustrated volume celebrates the men who succeeded where he had failed and rewrote the history books. With exclusive access to the spectacular images and private archives of key member George Lowe, photographer and Everest veteran, and items from the Fuchs family collection, there has never been a book on Antarctica quite like this. An outstanding team of explorers and polar experts also provide their reflections and tributes, contributing to a remarkable visual and personal testimony of this historic event.

Endurance

Account of British Imperial Transatlantic Expedition, 1914-16, leader E.H. Shackleton, based on original diaries.

Shackleton's Epic

By the #1 New York Times bestselling author of Killers of the Flower Moon, a powerful true story of adventure and obsession in the Antarctic, lavishly illustrated with color photographs Henry Worsley was a devoted husband and father and a decorated British special forces officer who believed in honor and sacrifice. He was also a man obsessed. He spent his life idolizing Ernest Shackleton, the nineteenth-century polar explorer, who tried to become the first person to reach the South Pole, and later sought to cross Antarctica on foot. Shackleton never completed his journeys, but he repeatedly rescued his men from certain death, and emerged as one of the greatest leaders in history. Worsley felt an overpowering connection to those expeditions. He was related to one of Shackleton's men, Frank Worsley, and spent a fortune collecting artifacts from their epic treks across the continent. He modeled his military command on Shackleton's legendary skills and was determined to measure his own powers of endurance against them. He would succeed where Shackleton had failed, in the most brutal landscape in the world. In 2008, Worsley set out across Antarctica with two other descendants of Shackleton's crew, battling the freezing, desolate landscape, life-threatening physical exhaustion, and hidden crevasses. Yet when he returned home he felt compelled to go back. On November 13, 2015, at age 55, Worsley bid farewell to his family and embarked on his most perilous quest: to walk across Antarctica alone. David Grann tells Worsley's remarkable story with the intensity and power that have led him to be called "simply the best narrative

nonfiction writer working today." Illustrated with more than fifty stunning photographs from Worsley's and Shackleton's journeys, The White Darkness is both a gorgeous keepsake volume and a spellbinding story of courage, love, and a man pushing himself to the extremes of human capacity.

Shackleton

Shackleton's Boat Journey

A visually captivating, novelistic travelogue that chronicles the first civilian environmental cleanup expedition in Antarctica— an engaging true story told through anecdotes, journal entries, vignettes, recipes, and archival and contemporary photography. “The first thing that comes to mind about Antarctica is not likely the food. But if you are going there, it is the second.” — Wendy Trusler and Carol Devine

The Antarctic Book of Cooking and Cleaning is a unique journey through an austral summer, when a group of dedicated individuals— fifty-four people from five countries— picked up nearly three decades' worth of garbage during a three-month period in Antarctica. In this visually captivating polar journal, Wendy Trusler and Carol Devine transport readers back twenty years and thousands of miles to Bellinghausen, the Russian research station that became their temporary home. Devine, a humanitarian who piloted the project, and Trusler, a visual artist and cook, use journal entries, letters, provision lists, recipes, and menus to document their voyage. They share pithy, insightful observations on life, food, science, politics, and the environment. Showcased throughout are modern and vintage photos and vignettes from Antarctica’s short history— all of which add delightful color and warm detail to this unique book. Trusler reveals the challenges of cooking in a makeshift kitchen during long, white nights at the bottom of the world. While the dozens of eco-tourists strive to help preserve the continent, she must figure out how to cook for all of them in the small camp kitchen, using limited ingredients. The Antarctic Book of Cooking and Cleaning includes forty-two eclectic, tasty, and hearty recipes tinged with Russian, Chinese, and South American influences, such as Honey Oatmeal Bread, Cheese Fondue, Great Wall Dumplings, Roasted Pepper Goulash with Smoked Paprika, Roast Leg of Pork, and Frozen Chocolate Cream. All beautifully photographed, these dishes reflect the expedition’s colorful cultural fabric and the astonishing raw beauty of their surroundings— a continent uniquely devoted to peace, cooperation, and science.

Endurance
A well-researched story brilliantly recounts how twenty-eight men battled against almost insuperable odds in 1914 to return to civilization after their ship Endurance sank near the South Pole, now available in a deluxe gift edition featuring eighty-four spectacular photographs. Reprint.

Big Meals for Little Hands

Robert F. Sibert Medal winner Bugs, of all kinds, were considered to be “born of mud” and to be “beasts of the devil.” Why would anyone, let alone a girl, want to study and observe them? One of the first naturalists to observe live insects directly, Maria Sibylla Merian was also one of the first to document the metamorphosis of the butterfly. In this visual nonfiction biography, richly illustrated throughout with full-color original paintings by Merian herself, the Newbery Honor-winning author Joyce Sidman paints her own picture of one of the first female entomologists and a woman who flouted convention in the pursuit of knowledge and her passion for insects. Shackleton’s Forgotten Expedition

This is the classic account of Sir Ernest Shackleton’s 1914-16 Antarctic expedition. Written by the Captain of the Endurance, the ship used by Shackleton on this ill-fated journey, it is a remarkable tale of courage and bravery in the face of extreme odds and a vivid portrait of one of the world’s greatest explorers. First trapped then crushed by ice on her way south, the Endurance drifted in an ice flow for five months. After reaching the uninhabited Elephant Island, Shackleton, Worsley and four others set off in a small boat on the 800-mile journey to South Georgia. They then made the first crossing of the island to the whaling station at Grytviken. It is testament to Shackleton’s indomitable spirit that during the whole expedition not one man was lost.

Shipwreck at the Bottom of the World

This harrowing tale of British explorer Ernest Shackleton's 1914 attempt to reach the South Pole, one of the greatest adventure stories of the modern age. In August 1914, polar explorer Ernest Shackleton boarded the Endurance and set sail for Antarctica, where he planned to cross the last uncharted continent.
on foot. In January 1915, after battling its way through a thousand miles of pack ice and only a day's
sail short of its destination, the Endurance became locked in an island of ice. Thus began the legendary
ordeal of Shackleton and his crew of twenty-seven men. For ten months the ice-moored Endurance drifted
northwest before it was finally crushed between two ice floes. With no options left, Shackleton and a
skeleton crew attempted a near-impossible journey over 850 miles of the South Atlantic's heaviest seas to
the closest outpost of civilization. Their survival, and the survival of the men they left behind,
depended on their small lifeboat successfully finding the island of South Georgia—a tiny dot of land in
a vast and hostile ocean. In Endurance, the definitive account of Ernest Shackleton's fateful trip,
Alfred Lansing brilliantly narrates the harrowing and miraculous voyage that has defined heroism for the
modern age.

The White Darkness

The fabled figure of Sir Ernest Shackleton truly personifies the heroic age of Antarctic exploration.
But, while the story of his ill-fated 1914–18 Imperial Trans-Antarctic Expedition and his crew's narrow
escape from death is legendary, less well known is the staggering tale of the six members of the Mount
Hope Party who risked their lives to ensure the safety of his. Sent to the opposite side of the polar
continent to lay life-saving food deposits for his journey, theirs was a vital mission: without it,
Shackleton was destined for failure. Here, Wilson McOrist stitches together diary accounts to trace the
tribulations of these men, painting a chilling picture of the everyday hardships of life on the ice,
alongside the camaraderie and emotional strength necessary for survival. Bound by duty to Shackleton, the
polar adventurers struggled on through Antarctica, convinced they were critical to his success. This is
their remarkable story.

Who Was Ernest Shackleton?

1892, New Mexico. A wolfpack roams the Currumpaw River Valley, preying on the vast cattle and sheep herds
of the area. Their leader, Lobo possesses such cunning that local ranchers are unable to trap the pack.
Due to his knowledge of wolf behaviour, Ernest Thompson Seton, a naturalist, is employed by ranchers to
to ride them of Lobo's pack.

Shackleton's Journey
After years of preparation, the world's most experienced Antarctic explorer embarked on the most dramatic adventure of his life. Sir Ernest Shackleton had carefully picked crew and a stout, well-outfitted ship, the Endurance. But he had no radio, the world was at war, and at the edge of the Antarctic continent, the ship froze in the sea ice. After months of immobility, it was crushed. Then began an impossible journey. With three tiny boats, the crew worked their way across frozen the Antarctic Sea. This vivid book recounts the story of Shackleton's heroic voyage from South Georgia Island to Antarctica then back to South Georgia. It is a tribute to Shackleton and his crew's ability to fight for survival and one of the most harrowing adventures in history.
